ALLIANCE WITH PARENTS & GUARDIANS

Asia Pacific College

Forging Continuing Alliance with Parents and Guardians

Since March 10, APC Administrators and Faculty are committed in revitalizing our communication protocols to enable constant flow of information and ease of contact. We have released instructions, information materials, protocols and advisories every Monday since then to Parents, Students, Employees and Faculty, and Industry Partners.

We will continue to be open to your views, suggestions and ideas. This is the reason why we will constantly seek and validate the best means of communicating with you, our parents and students, through phone calls, emails, and official APC social media accounts. Please do not hesitate to reach out to us.
